

VOUCHER PROGRAM

Quantity discount program for public classes.

updated 10/12/17

PROGRAM DESCRIPTION:

CPR LifeLine created the Voucher Program for companies/organizations who sign up their employees and/or volunteers to take CPR/AED and/or First Aid training on a regular basis throughout the year. The program enables employers/organizations to take advantage of quantity discounts when sending employees to public classes and the convenience of making only one payment.

HOW IT WORKS:

The company/organization pre-purchases a minimum of 10 vouchers for our public classes at a discount (approx 10% off). A promo code is issued for each quantity/type of voucher purchased to be used when registering online for public classes. *A maximum of 4 people from one company can be registered for the same class date if they are on this discount program.* Student attendance is recorded and the training record can be requested at any time to confirm status.

VOUCHER PRICES:

A minimum of 10 must be pre-purchased for the same type of course and payment must be made by check to receive the discount (you may request an invoice). All Heartsaver classes include a FA/CPR book for each student, BLS does not but can be purchased for an additional \$15ea for print copy or \$13.25 for ebook. *Vouchers do not expire but if the class fee increases, we'll give as much notice as possible and a balance due may be required.*

Voucher Program Reschedule and Cancellation Policy:

- Cancellations received at least 7 days in advance of class may reuse the voucher for another class.
- Cancellations received less than 7 days in advance, but at least 24 hours prior to the class, will be charged a \$10 rescheduling fee to use the same voucher for reschedule.
- Cancellations received less than 24 hours prior to class and "no shows" at class will void the voucher and a new voucher must be used to reschedule. Substitutions are allowed with notice.

Type of Course	Cost per person without Voucher	Cost per person with Voucher
AHA BLS Provider	\$60.00/person	\$54.00/person
AHA BLS Provider Skills (online not included)	\$40.00/person	\$36.00/person
